Honorable Mayor and
Members of the City Commission
City of Palatka, Florida

Mayor and Commissioners:

We are pleased to present to you, the City Commission and the citizens of Palatka, the Comprehensive Annual Financial Report of the City of Palatka (the "City") for the fiscal year ended September 30, 2006.

This report was completed by the City Manager and Finance Director, with close cooperation of the external auditors, Davis, Monk & Company, and represents the official report of the financial operations and condition of the City of Palatka to its citizens. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the management of the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included. This letter of transmittal should be read in conjunction with Management's Discussion and Analysis, which can be found beginning on page xiv.

The Comprehensive Annual Financial Report is presented in four sections as follows:

INTRODUCTORY - The introductory section includes the table of contents, this transmittal letter, the Certificate of Achievement for Excellence in Financial Reporting awarded by the Government Finance Officers Association, a list of principal city officials and the City's organizational chart.

FINANCIAL - The financial section includes: management discussion and analysis, basic financial statements, required and other supplemental information and the independent auditor's report.

STATISTICAL - The statistical section includes selected financial and demographic information generally presented on a multi-year basis.

SINGLE AUDIT - The single audit section includes the management letter, schedule of expenditures of awards, reports on compliance and internal controls, schedules of findings and corrective action plan.

THE REPORTING ENTITY

The City of Palatka is a political subdivision of the state of Florida, which was incorporated January 8, 1853. Palatka is in the Northeast section of Florida in Putnam County (the "County") and is the County

Seat. Palatka lies along the St. Johns River and is approximately 50 miles south of Jacksonville, 26 miles west of St. Augustine and 50 miles east of Gainesville.

The City operates under a Commission/Manager form of government. It has an elected Mayor-Commissioner and a Board of Commissioners (four members) and serves approximately 11,100 residents by providing a full range of municipal services including General Administration, Public Safety, Planning and Zoning and Community Enrichment and Development. In addition, the City operates a Municipal Golf Course; an Airport; Sanitation, Water and Wastewater utility systems. The Palatka Downtown Redevelopment Agency, and the Palatka Gas Authority are considered component units of the City, and the City is financially accountable for them. Accordingly, these component units are included in the City's Comprehensive Annual Financial Report.

ECONOMIC CONDITION

Palatka's population exceeded 11,000 persons in the last University of Florida estimate. The City appears poised on the brink of unprecedented growth. Land values have doubled, or more, in the last two years. The economy appears headed for the largest gains ever seen in this City. The number of new housing units, which the City's Building Department has been approached with, exceeds the number of existing units in the City. These proposed units would take years to build, giving the City time to react in terms of necessary infrastructure. The state shared revenues should increase proportionately to this population increase. Still, the City will experience a considerable demand on its infrastructure that will require a significant investment over the next few years. The tax base is still too low; however, the new development taking place should begin to affect that. New residential development should be upscale, bringing in population with more disposable income and having a positive effect on the City as a whole. The budget for the year ending September 30, 2006 was again balanced with reserve funds for the second consecutive year, but unanticipated revenues kept the City cash balance growing. The millage rate was 8.65 mills, approaching the ten-mill cap set by the State. The major challenge the City faces in the coming decade is finding sufficient revenue to pay for unprecedented growth.

While the national economy is showing signs of improvement, Northeast Florida continues growing at the greatest rate in memory. The States fastest growing counties border Putnam County. This growth has not ignored Putnam County. The construction of large Home Depot and Lowe's stores on Hwy 19 are examples of the growth to come. These large retailers prepared feasibility studies before committing to development and felt Palatka was poised to grow. Developers are looking at agricultural and vacant lands surrounding the City and the price per acre of these properties is increasing significantly. Property in the City's historic districts is selling at figures previously unheard of in this City. Newcomers from south Florida and the north fuel this increase in property cost. Whether enough growth takes place in the coming year to offset increases in operating cost is questionable. Normal personnel increases in payroll, pension and health coverage may outpace any additional revenues, which become available. Balancing the budget in the short-term will remain difficult.

The City continues to insure that infrastructure to support growth is in place. These improvements are made primarily with grants. In addition, the City has undertaken quality of life improvements such as reclaimed water reuse and improved potable water treatment. The wastewater treatment plant will need to be expanded and an additional level of treatment is required at the water treatment plant. The goal is to attract development and at the same time retain the natural qualities, which draw people to the area.

CURRENT PROJECTS

The City's Riverfront Redevelopment Project is moving forward. An RFQ for a developer for the two downtown blocks adjacent to the Riverfront Park have been sent out and a developer has been selected.
Honorable Mayor and

**MAJOR INITIATIVES
(Continued)**

Negotiations on a Development Agreement for the property will take place early next year. The anticipated project will add commercial and residential properties to downtown, increase the number of people shopping and living in the area and have a positive effect on all property in the Community Redevelopment District.

The first step in wastewater reclamation was completed in the prior year with of the construction of additional treatment at the wastewater treatment plant, a transmission line to the City's golf course, and an irrigation system at the course. The next phase will be the extension of reclaimed water lines to the City and School Boards properties just north of Ravine State Gardens. This project is estimated at \$400,000.

The City has secured 85% state funding for additional treatment facilities at its potable water plant. We are currently applying for additional funding to reduce the local match. These improvements are part of the City's long-range plan to stay ahead of tightening EPA regulations on potable water supplies. The City moved early on this in order to be in line for grant funds, which will become very competitive as the EPA requirements are enacted.

The one-cent sales tax money (Better Place Funds) is dedicated to capital improvements within the City. This years improvements are again primarily for road paving and a grant match for a CDBG grant. Other improvements are 'one time' improvements to City facilities. This revenue has led to noticeable improvements to the City's road and sidewalks.

The City continued its upgrade of pavement and lighting at the airport with the help of another Federal Aviation Administration and Florida Department of Transportation grants. This work also included repair of the storm drain system under runways and taxiways. The storm water master plan and permit for new construction at the airport continued through the year and is not expected to conclude until next fiscal year. The City will receive proposals for a 'design/build' project to construct the new terminal building at the airport. The City has grants to cover approximately 75% of this cost. Actual construction should begin midway through next fiscal year. Additionally, the City will take out a loan to construct two hangars at the airport at a cost of one million dollars. This loan will be offset by \$800,000 in FDOT grants, which have been approved for FY's 2007/08 and 2008/09.

FUTURE PROJECTS

The City completed its fourth year of paving using Better Place Funds raised through the local sales tax initiative. The improvements to the City's roads and sidewalks are clearly visible. This use of Better Place Funds will continue next fiscal year and thereafter until all streets and sidewalks in the City are addressed. These funds are also to be used to make major improvements to existing facilities and major equipment purchases in all departments of the City during the next fiscal year.

The engineering phase of the upgrade to the City's potable water plant will be completed next year and the City looks to put this project out to bid prior to the end of next fiscal year. The City has an 85% grant in place and is continuing to seek additional funds to cover all or part of the remaining 15%.

The City anticipates another FAA grant, completing the rehabilitation of its runways, taxiways and lighting. The majority of storm water lines will have been addressed. Long-term improvements will include the eventual construction of a business park north of the primary runway and the extension of that runway.

MAJOR INITIATIVES (Concluded)

The City should see the final development contract for the redevelopment of its two blocks downtown. Construction should begin prior to the end of next fiscal year.

The City of Palatka looks forward to unprecedented growth over the next several years and is in the process of planning and installing the necessary infrastructure to insure that this is quality growth. The City wants to insure that the quality of life that citizens enjoy in this small community is not lost. Additionally, we are continuing to work toward developing tourism, both nature based and those visiting the historical sites in Palatka.

FINANCIAL INFORMATION

INTERNAL CONTROL STRUCTURE

The City's general governmental fund operations are accounted for by using the modified accrual basis of accounting, with revenues being recognized when they become measurable and available. Expenditures are recorded when goods or services are received and the related liability is incurred. The City's enterprise funds and government wide activities are reported on the accrual basis of accounting.

The City Manager serves as the chief financial officer of the City. The Finance Director is responsible for financial accounting and reporting. The City Manager also serves as the budget officer and presents the preliminary budget, based on departmental requests, to the City Commission for approval. All budgeted amounts lapse at year's end.

In developing and maintaining the City's accounting system, consideration is given to the adequacy of internal controls. Internal controls are designed to provide reasonable, but not absolute, assurance that (1) assets are safeguarded against loss from unauthorized use or disposition, that (2) transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The concept of reasonable assurance recognizes the cost of internal controls should not exceed the benefits likely to be derived. The evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

BUDGETARY CONTROL

Budgetary control is maintained at the fund level. The City Manager may authorize budget transfers between major categories within the departments and between departments. Departmental expenditures are monitored on a monthly basis by the City Manager and Finance Director. The City Commission is provided with a monthly budget status report. Each department is required to present a quarterly budget status report to the City Manager and City Commission to report potential problems that could result in exceeding their budget. Encumbrances lapse at year's end.

GENERAL GOVERNMENT

FUND ACCOUNTING

The financial transactions of the City are recorded in individual funds. Each fund has a self-balancing set of accounts that comprise its assets, liabilities, fund equities, or balances to carry on specific activities in accordance with special regulations, restrictions or limitations.

GENERAL FUND

The General Fund is the principal fund of the City and is used to account for all activities of the City not otherwise accounted for by a specified fund.

Local tax revenues are the primary sources of the City's tax revenue and are a combination of property tax, franchise, utility and local option gas tax. Total taxes increased by \$990,350 from the prior year.

Ad valorem taxes, which were accounted for in the general and special revenue funds was 8.65 mills and generated \$3,334,384, an increase of \$568,692 from the prior year.

Additional police officers and firefighters were hired during the year that increased expenditures in public safety. Transportation increases were due street and sidewalk improvements that are paid for by the Better Place Funds (discretionary sales tax).

Unreserved fund balance in the General Fund decreased \$18,572 or 1% from the prior year.

SPECIAL REVENUE FUNDS

Special revenue funds account for revenues from sources that are restricted for specific purposes. Tax increment revenues are a significant source of these funds. The combined fund balance for special revenue funds was \$681,477 at September 30, 2006.

ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the cost (expenses, including depreciation) of providing goods and services to the general public on a continuing basis is financed through user charges. The City operate four enterprise funds: the Water Revenue Fund, Municipal Golf Course Fund, Sanitation Fund, and Airport Fund.

WATER REVENUE FUND

The Water Revenue Fund accounts for revenues of the City's water and sewer systems. Several of the City's major projects and initiatives are directly relate to the Water Revenue Fund. Net assets decreased by \$390,536 or 4.5% from the prior year.

SANITATION FUND

There was an increase in operating revenue of \$5,776. Net assets decreased by \$2,985.

GOLF COURSE FUND

Revenue showed an increase by \$50,509 from the prior year. However, operating expenses increased by \$135,940. Operating expenses, which include depreciation, exceeded operating revenues by \$146,938. Net assets decreased by \$149,111.

ENTERPRISE FUNDS (Concluded)

AIRPORT FUND

Operating revenue increased by \$181,971 from the prior year. The airport received \$1,423,874 from state and federal grants. Net assets increased by \$1,167,416.

FIDUCIARY FUNDS

PENSION TRUST FUNDS

The City administers a single-employer Public Employee Retirement System (the "System"). The System provides an employee contributory defined benefit pension plan for its employees which covers police officers, fire fighters, and general employees. Benefits vary depending on the particular membership in the plan. The City is responsible for funding liabilities of the plan based upon actuarial valuations. At September 30, 2006, the employees' retirement fund had net assets available for benefits of \$29,085,709. The assets are managed through a contract with a private investment company. Further details are included in the notes to the financial statements.

GOVERNMENTAL CAPITAL ASSETS

The capital assets of the governmental funds are those assets used in the performance of general governmental functions and exclude the assets of the Enterprise Funds. As of September 30, 2006 the government capital assets of the City amounted to \$5,878,583, net of depreciation. Capital assets are recorded at historic cost except for land, buildings, and improvements acquired before Fiscal 1980, which are recorded at estimated historical cost. Public Domain and similar assets acquired prior to October 1, 2002, such as roads and sidewalks are not recorded in the capital assets. In accordance with GASB Statement No. 34, the city has elected to defer reporting prior infrastructure until the 2007 fiscal year.

DEBT ADMINISTRATION

At September 30, 2006, the City had \$387,941 of revenue bonds & notes payable from specific general fund revenue sources other than ad valorem taxes. Also, outstanding were, \$6,350,000 Water and Sewer System Improvement and Refunding Bonds, Series 1998, payable from the net revenues of the Water and Sewer system and Public Service Tax Revenues; \$662,643 Water Reuse System Construction loan, payable from the net revenues of the Water and Sewer system; \$213,472 of Golf Course Revenue Bonds & a \$95,777 Golf Course Turf Equipment note payable from the net revenues of the Golf Course, Southern Bell and Cable TV franchise fees; Airport Hangar Revenue Bond and note payable, \$43,157 payable from net revenues of the Airport operations; \$685,468 Sanitation note payable from the net revenues of the Sanitation system.

The City has no general obligation debt (debt secured by ad valorem taxes) outstanding.

RISK MANAGEMENT

The City is exposed to various risks of loss related to general liability (workers' compensation, public liability, law enforcement liability, health benefits, property damage, and errors and omissions). The City participates in the Florida League of Cities Self Insurance Fund (the Fund), a public entity risk pool, currently operating as a common risk management and insurance program for member cities. The City pays an annual premium to the fund for its coverage. The premiums are designed to fund the liability risks assumed by the fund and are based on certain actual exposures of each member. The City had no settlement in excess of coverage provided by the Fund during the year ended September 30, 2006.

CASH MANAGEMENT

The City utilizes a sweep account or zero balance account and pools all cash into a single interest-bearing account. Only funds necessary to cover paid checks are transferred automatically from the account as needed.

During the year, idle cash balances were invested in short-term certificates of deposit at local banks. Interest rates varied from a high of 5.15% to a low of 1.55%. Total interest income increased from the prior year by \$22,359.

INDEPENDENT AUDIT

Florida Statutes require an audit of the financial statements of the City of Palatka by an independent certified public accountant selected by the City Commission. The City complied with this requirement, and the auditor's opinion is included in the financial section of this report.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Palatka for its comprehensive annual financial report for the fiscal year ended September 30, 2005. This was the fourteenth year that the City received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report.

A certificate of achievement is valid for one year only. We believe this report satisfies the requirements of generally accepted accounting principles, applicable legal requirements, and certificate of achievement program requirements, and we are submitting it to the GFOA for consideration for an award.

ACKNOWLEDGMENTS

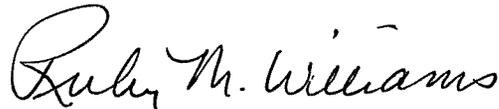

The preparation of this report was accomplished through the efforts and dedication of the City's financial staff.

We would also like to thank the members of the City Commission for their interest and support in planning and conducting the fiscal operations of the City of Palatka.

Respectfully submitted,

Allen R. Bush
City Manager

Ruby M. Williams
Finance Director

GFOA Certificate of Achievement

The City's Certificate of Achievement for Excellence in Financial Reporting for the year ended September 30, 2005 is presented on the following page.

Independent Auditors' Report

The Honorable Mayor and
City Commissioners
City of Palatka, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Palatka, Florida (the "City"), as of and for the year ended September 30, 2006, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of September 30, 2006, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 8, 2007 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and the required supplementary information listed in the table of contents are not a required part of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The information listed in the table of contents as "supplemental information", and the Schedule of Expenditures of Federal Awards and State Financial Assistance, which is required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and Chapter 10.550, Rules of the Auditor General, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and the information provided in the statistical section are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such additional information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

February 8, 2007
Palatka, Florida

**City of Palatka
Management's Discussion and Analysis
September 30, 2006**

As management of the City of Palatka, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2006. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page i of this report.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$25,437,648. Of this amount, \$1,479,500 may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net assets increased by \$961,867. (3.93%). Due to the increase in millage rate to 8.65 mills, grants and one-cent discretionary sales tax, governmental net assets increased by \$337,083 (or 4.64%). The Enterprise funds net assets increased by \$624,784 (or 3.63%) due to grants received during the fiscal year.
- The total net assets in the Enterprise funds were: Water \$8,672,138, Sanitation \$369,467, Golf \$32,694 and Airport \$8,761,343.
- As of September 30, 2006, the City's governmental funds reported combined ending fund balances of \$2,448,765, an increase of \$ 172,263.
- At the end of the fiscal year, unreserved fund balance for the General Fund was \$1,767,288 or 19.70% of total General Fund expenditures and transfers out for recurring operational costs reported in other funds. (i.e. transfer to airport)
- Net assets of the General, Police and Firefighter's Pension Trust Funds increased by \$1,284,885, \$568,492 and \$649,959, respectively. These increases were the result of investment return and contributions by employees, local and state governments.

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The *Government-wide Financial Statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on all of the City of Palatka's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *State of Activities* presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e. uncollected taxes and earned but unused vacation leave).

The *Government-wide Financial Statements* distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, streets and drainage, economic development and culture and recreation. The business type activities of the City

include the utility (water and wastewater), the airport, the golf course, sanitation and the component unit, gas authority.

The government-wide financial statements include not only the City of Palatka, but also the Palatka Gas Authority, an independent component unit of the City. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 1 & 2 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Palatka can be divided into three categories: governmental funds, proprietary fund, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for government activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund and the Downtown Redevelopment Agency fund, which are considered major funds. Data from the non-major governmental fund is included in the Other Governmental fund column.

The City adopts an annual appropriated budget for its General fund and the Downtown Redevelopment special revenue fund. Budgetary comparison schedules have been provided for the General fund and Downtown Redevelopment special revenue fund in the required supplementary information section.

The basic governmental fund financial statements can be found on pages 3 - 6 of this report.

Proprietary Funds

The City maintains several enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Utility, Golf, Airport and Sanitation operations, as well as the independent Gas Authority.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the funds listed above, all of which are considered to be major funds of the City.

The proprietary fund financial statements can be found on pages 7 – 10 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 11 & 12 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 13 - 30 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning budgetary comparisons and the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 31 – 35 of this report.

Combining fund statements can be found on pages 36 - 37 of this report immediately following the required supplementary information.

Government-wide Financial Analysis

Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of Palatka, assets exceeded liabilities by \$25,437,648 at the close of the most recent fiscal year.

The majority of the City's net assets (88.8%) rest in its investment in capital assets (e.g., land, buildings, machinery and equipment); less any related debt used to acquire these assets that is still outstanding. These capital assets are used to provide services to citizens and are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Palatka Summary of Net Assets For the Year Ended September 30, 2006

	Governmental Activities		Business-type Activities		Total	
	2006	2005	2006	2005	2006	2005
Current and other assets	\$2,682,689	\$2,525,712	\$1,683,805	\$2,283,590	\$4,366,494	\$4,809,302
Capital assets	5,878,583	5,863,284	25,250,584	23,570,839	31,129,167	29,434,123
Total assets	8,561,272	8,388,996	26,934,389	25,854,429	35,495,661	34,243,425
Long-term liabilities						
Outstanding	785,041	940,767	8,370,655	8,021,590	9,155,696	8,962,357
Other liabilities	174,225	183,306	728,092	621,981	902,317	805,287
Total liabilities	959,266	1,124,073	9,098,747	8,643,571	10,058,013	9,767,644
Net assets:						
Invested in capital assets,						
net of related debt	5,506,649	5,387,086	17,072,755	15,725,064	22,579,404	21,112,150
Restricted	598,837	416,950	779,907	811,288	1,378,744	1,228,238
Unrestricted	1,496,520	1,460,887	(17,020)	674,506	1,479,500	2,135,393
Total net assets	\$7,602,006	\$7,264,923	\$17,835,642	\$17,210,858	\$25,437,648	\$24,475,781

An additional portion of the City's net assets \$1,378,744 (5.42%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets \$1,479,500 may be used to meet the City's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net assets, both for the City as a whole, as well as for its separate governmental and business-type activities.

Change in Net Assets

Governmental activities increased the City's net assets by \$337,083 thereby accounting for 35.04% of the total growth in the net assets of the City. Key elements of this increase were the ad valorem revenue due to property values in the city, historic and downtown districts increasing and the millage rate from 8.0 mills to 8.65 mills.

Governmental Activities

The City's total net assets increased \$961,867 over the previous year with an increase of \$337,083 resulting from governmental activities and an increase of \$624,784 from business activities. The primary reasons for these changes were the one-cent sales tax, an increase in the millage rate from 8.0 to 8.65 mills and grants that were received during the year.

Revenue by Source - Governmental Activity

Expenses - Governmental Activities

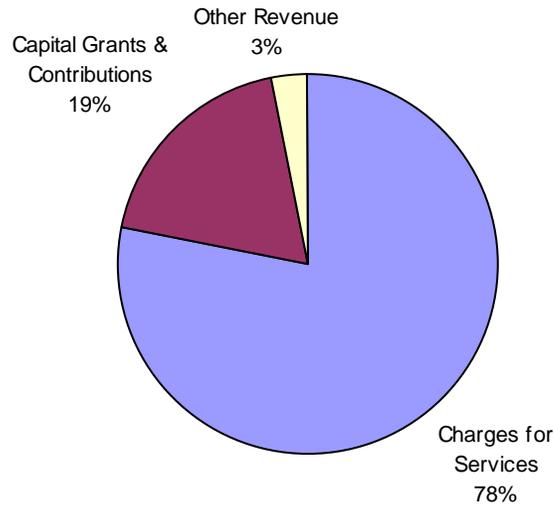

Business-type Activities

Business-type activities increased the City's net assets by \$624,784 accounting for a 64.96% growth in the City's net assets. Key elements in this increase are as follows:

The Airport fund received state and federal grants of \$1,423,874 during the fiscal year.

The most significant expenses were improvements related to grants received. Operational increases were, for the most part, related to personnel cost.

Revenue by Source – Business-type Activities

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$2,448,765, an increase of \$172,263 in comparison to the prior year. This total constitutes unreserved fund balance, which is available for spending at the government's discretion.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unreserved fund balance of the general fund was \$1,767,288. The fund balance of the City's general fund decreased by \$18,572 during the fiscal year. This decrease was partly due to Public Safety overall expenses increasing by \$680,065 over the previous year.

Proprietary funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. As of September 30, 2006, total net assets amounted to \$17,835,642.

Unrestricted net assets of the water fund at the end of the year amounted to \$870,910, the airport fund \$15,024, the sanitation fund \$87,880. The Golf Course increased their deficit in unrestricted net assets by \$184,986 during the fiscal year. The condition of the course has improved and when the demand in Northeast Florida catches up there will be an increase in play. Courses in other areas have experienced the same decreases in revenue. These cycles occur as in other business ventures. Other factors concerning the finances of these four funds have already been addressed in the discussion of the City's business-type activities above.

General Fund Budgetary Highlights

The general fund budget was amended during the fiscal year by \$1,039,601 (including transfers) an increase of 12.38% over the original projections. These increases were mostly attributed to balance forwards and unanticipated revenues received during the year. The variance between original and final budget amounts for the year is composed of the following:

- Balance forward from the Discretionary Sales Tax that was primarily spent in Public Safety and Transportation.
- Federal and state grants received during the year.

A comparison of actual revenues versus the final budget reflects that revenues exceeded the original budget.

Capital Asset and Debt Administration

**City of Palatka Capital Assets
(Net of Depreciation)
For the Year Ended September 30, 2006**

	Governmental Activities		Business-type Activities		Total	
	2006	2005	2006	2005	2006	2005
Land and Improvements	\$2,838,043	\$2,838,043	\$4,606,999	\$4,606,999	\$7,445,042	\$7,445,042

Capital Assets

The City’s investment in capital assets for its governmental and business-type activities as of September 30, 2006, (net of accumulated depreciation) amounts to \$31,129,167. This investment in capital assets includes land, buildings, improvements, furniture, equipment, water and sewer distribution system and construction in progress. The total increase in the City’s investment in capital assets was \$1,695,044.

Pursuant to GASB Statement #34, an extended period of deferral (three years) is available before the requirement to record and depreciate infrastructure assets (e.g., underground utilities, streets, sidewalks and similar facilities.) acquired before the implementation date becomes effective. This will become effective for fiscal year 2007. GASB Statement #34 requires the reporting and depreciation of new infrastructure expenditures effective with the beginning of the implementation fiscal year 2003.

Major capital asset events during the fiscal year were in the city’s airport, water and sanitation funds. The city received FAA and FDOT grants that paid 80% to 95% of the projects at the airport. The capital asset expenditures of \$3,651,874. were for the following:

- Rehabilitation of runways, runway lights and signage that were being installed.
- Design of a stormwater master plan, terminal building and t-hangars.
- Water and sewer line improvements.
- Sanitation purchased six new collection trucks.

Additional information on the City’s capital assets is found in Note 4 in the notes to the financial statements.

Long-Term Debt

At the end of the current fiscal year, the City had total debt outstanding of \$8,437,870. Of this amount, \$1,512,447 comprises debt backed by the full faith and credit of the City, \$147,966 water/sewer agreements with other agencies, \$127,900 of capital leases and the remainder represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

**City of Palatka
Long-Term Debt Obligations**

	Governmental Activities		Business-type Activities		Total	
	2006	2005	2006	2005	2006	2005
Revenue Bonds	\$362,539	\$451,488	\$6,414,918	\$6,649,458	\$6,777,457	\$7,100,946
Notes Payable	25,402	85,079	1,487,045	883,935	1,512,447	969,014
Capital Lease Obligations	0	0	127,900	164,416	127,900	164,416
Water/Sewer Agreements			147,966	147,966	147,966	147,966
Total	\$387,941	\$536,567	\$8,177,829	\$7,845,775	\$8,565,770	\$8,382,342

The City's total long-term debt increased \$183,428 from the prior year, while the long-term liability for compensated absences increased by \$9,911.

Governmental Activities:

- The City made the following principal payments during the year: revenue bonds - \$88,950, notes payable - \$59,676.
- Governmental obligations for compensated absences decreased by 1.8% or \$7,100.

Business-type activities:

- The Sanitation department entered into a note payable for \$765,510 for equipment payable in monthly installments.
- The following principal payments were made during the year: revenue bonds - \$251,683, notes payable - \$162,400, and capital leases - \$36,516.
- Compensated absences increased by 9.7. or \$17,011.

The City's current bond rating is Aaa from Moody's Investor Service. There are no limitations placed on the amount of debt the City may issue by either the City's charter, code of ordinances or Florida State Statutes.

Additional information on the City's long-term liabilities can be found in Note 5 in the notes to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The City is experiencing unprecedented growth and property values have escalated dramatically. Putnam County, surrounded by three of the fastest growing counties of the state is now feeling the impact of this growth. The four lane 'intrastate' system from Palatka to St. Augustine is finished. This places Palatka within twenty five minutes of Interstate 95.

The Riverfront Master Plan for downtown Palatka is complete and the City anticipates advertising for a developer in the coming fiscal year. This will culminate with a development agreement between the city and a private developer.

The City has prepared balanced budgets for the current FY; however, it has been necessary to raise the millage rate to eight point six five mills. The increase in taxable values are counted on to offset future increases.

Request for Information

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Finance Director, 201 N. 2nd Street, Palatka, Florida 32177.

City of Palatka, Florida
Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balances to the Statement of Activities
Governmental Funds
For the Year Ended September 30, 2006

NET CHANGE IN FUND BALANCES – TOTAL GOVERNMENTAL FUNDS \$ 172,263

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is depreciated over their estimated useful lives.

Acquisitions of Capital Assets.....	275,970
Current Year Depreciation Expense.....	(260,487)

In the statement of activities, the gain or loss on the disposal of capital assets is reported.

Loss From Disposal of Capital Assets.....	(184)
---	-------

Repayment of debt principal is an expenditure in the governmental funds, but the repayment does not effect net assets of governmental activities.

Principal Payments.....	148,626
-------------------------	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated Absences.....	7,100
---------------------------	-------

The timing of revenue recognition sometimes differs between the governmental funds and governmental activities.

Change in Deferred Revenues.....	<u>(6,205)</u>
----------------------------------	----------------

CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES \$ 337,083

See accompanying notes.

City of Palatka, Florida
Notes to Financial Statements
September 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The City of Palatka, Florida (the “City”), which is located in northeast Florida, was incorporated January 8, 1853 under the Laws of the State of Florida, Chapter 492. The City operates under an elected Mayor-Commissioner and a Board of Commissioners (four members) and provides human services, community enrichment and development, law enforcement, fire protection and rescue service.

As required by generally accepted accounting principles, the accompanying financial statements present the City as a primary government and its component units, entities for which the City is considered financially accountable. The component units are included in the reporting entity because of the significance of their operational relationship with the City. The City is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization’s governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. The primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

Blended component units, although legally separate entities, are in substance part of the City’s operations and, accordingly, data from these units are combined with the data of the City. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the City.

Blended Component Unit

The Palatka Downtown Redevelopment Agency (the “Agency”) is a legally separate entity created pursuant to Florida Statutes following the adoption of an approving Resolution (No. 4-12, dated November 10, 1983) by the City. The Agency is governed by a five-member board whose members are the same as the City Commission. The operations of the Agency are reported in a governmental fund.

Discretely Presented Component Unit

The Palatka Gas Authority (the “Gas Authority”) was created by an Act of the Florida Legislature (Ch. 59-1679, Act 1959) and ratified by election on November 10, 1959. The members of the Gas Authority’s governing board are appointed by the City Commission. Additionally, bond issues and operational and capital budgets must be approved by the City Commission. Annually, the Gas Authority provides a contribution to the City from its net income. The contribution is one-half of annual profits.

Complete financial statements of the Gas Authority can be obtained directly from:

The Palatka Gas Authority
518 Main Street
Palatka, Florida 32177

City of Palatka, Florida
Notes to Financial Statements
September 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Related Organization

The Palatka Housing Authority (the “Housing Authority”) was established by the City in 1962 pursuant to Chapter 421, Florida Statutes. The purpose of the Housing Authority is to provide affordable housing to the Palatka community and surrounding areas. The Housing Authority is considered a related organization because its Board members are appointed by the Mayor of the City of Palatka. The City is not financially accountable for the Housing Authority, nor does it meet other criteria of a component unit and, accordingly, the Housing Authority is not included in the accompanying financial statements.

Joint Ventures

The City did not participate in any joint ventures during the 2005-2006 fiscal year.

Basis of Presentation

The financial statements of the City have been prepared in accordance with generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting principles. The more significant of the City’s accounting policies are hereafter described.

Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units. For the most part, the effect of interfund activity has been removed from these statements. Interfund services provided and used, if any, are not eliminated in the process of consolidation. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees charged to external parties.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include: charges for services that are directly related to a given function; and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other revenues not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements, but all nonmajor funds are

City of Palatka, Florida
Notes to Financial Statements
September 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

aggregated and displayed in a single column. The governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for the governmental funds.

The City reports the following major governmental funds:

General Fund – the primary operating fund, used to account for all activities except those required to be accounted for in another fund.

Downtown Redevelopment Agency Fund – to account for the assets and operations of the City's Downtown Redevelopment Agency.

The City reports the following major proprietary funds:

Water Fund – to account for the assets, operation and maintenance of the City-owned water and sewer system.

Sanitation Fund – to account for the assets, operation and maintenance of the City's solid waste department.

Golf Course Fund – to account for the assets, operation and maintenance of the City-owned golf course.

Airport Fund – to account for the assets, operation and maintenance of the City-owned airport.

Additionally, the City reports the following fiduciary funds:

Pension Trust Funds – to account for activities of the City's pension plans.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Taxes and certain intergovernmental revenues constitute the most significant sources of revenue considered susceptible to accrual. In governmental funds, expenditures are generally recognized when the related liability is incurred. However, debt service expenditures, and expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

City of Palatka, Florida
Notes to Financial Statements
September 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Application of FASB Pronouncements

For its enterprise funds, the City applies all applicable GASB pronouncements. Additionally, the City applies pronouncements of the FASB and its predecessor bodies issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

Cash and Cash Equivalents

For purpose of the Statement of Cash Flows, the City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Accounts Receivable

Receivables are stated at net realizable value, reduced by an allowance for uncollectable accounts, where appropriate. Accounts receivable of the Enterprise Funds are net of a \$88,000 allowance. Accounts receivable of the Gas Authority are net of a \$59,000 allowance.

Most of the Mortgages Receivable balance is not expected to be repaid within the next fiscal year.

Investments

Investments are reported at fair value based on quoted market prices, except for money market investments, which are reported at cost, which approximates fair value.

Inventories

Inventories are stated at cost, based on the first-in, first-out method.

Long-Term Receivables

Noncurrent portions of long-term receivables due to governmental funds are reported on the balance sheet, without regard to the fund's measurement focus. However, special reporting treatment is used to indicate that these receivables are not considered "available spendable resources", since they do not represent net current assets. Recognition of governmental fund revenues represented by noncurrent receivables is deferred until they become current receivables. Noncurrent portions of long-term loans and advances receivable are offset by fund balance reserves.

Capital Assets

Capital assets are recorded at historical cost or estimated historical cost, except for contributed assets which are recorded at fair value at the date of contribution. The City uses a capitalization threshold of \$5,000 for all classes of capital assets.

City of Palatka, Florida
Notes to Financial Statements
September 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

In accordance with GASB Statement No. 34, an extended period of deferral (until the 2007 fiscal year) is available before the City is required to record and depreciate infrastructure assets acquired prior to October 1, 2002. The City has elected to defer reporting of general infrastructure assets acquired prior to October 1, 2002.

Depreciation of capital assets is provided using the straight-line method over the estimated useful lives of the assets, which range as follows:

	<u>Years</u>
Buildings and improvements	30
Furniture, equipment and vehicles	3 – 10
Water and sewer distribution system	15 – 50
Plant assets and equipment	20 – 50

For its business-type activities, the City’s policy is to capitalize construction period interest costs on projects funded specifically through debt financing. Interest earnings are offset against construction costs for qualified projects financed with tax-exempt debt. No interest costs were capitalized during 2006.

Claims and Judgments

For governmental funds, a fund liability is reported to account for the portion of the liability that will be liquidated with expendable available financial resources. The liability is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements.

Compensated Absences

The City’s policy is to allow limited vesting of employee vacation pay and accumulated sick leave. A liability for accrued compensated absences of employees of the governmental funds has been accrued. Since this liability will not be liquidated with expendable available financial resources, the liability has not been reported in the governmental funds. A liability for compensated absences is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. In prior years, compensated absence liabilities associated with governmental funds were liquidated by the funds that incurred the liabilities.

Property Taxes

The Putnam County Tax Collector bills and collects property taxes for the City. At September 30, 2006, property taxes receivable were not material.

Details of the City’s tax calendar are presented below:

Lien Date	January 1
Levy Date	October 1
Discount Period	November - February
No Discount Period	March
Delinquent Date	April 1

City of Palatka, Florida
Notes to Financial Statements
September 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operating Revenues and Expenses

The enterprise funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Restricted Net Assets

In the accompanying government-wide and proprietary funds' statements of net assets, *restricted net assets* are subject to restrictions beyond the City's control. The restriction is either externally imposed (for instance, by creditors, grantors, contributors, or laws/regulations of other governments) or is imposed by law through constitutional provisions or enabling legislation.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance Reserves

Governmental Funds - Reserves represent portions of fund balances which cannot be appropriated for expenditure or which have been legally restricted for specific future uses.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

NOTE 2 – DEPOSITS AND INVESTMENTS

Deposits

All of the City's and the Gas Authority's demand deposits, certificates of deposit, and money market accounts are held in qualified public depositories pursuant to Chapter 280, Florida Statutes, and are entirely insured by Federal depository insurance or collateralized pursuant to the Florida Security for Public Deposits Act.

Investments

Section 218.415, Florida Statutes, authorizes the City to invest excess public funds in the following:

- ◆ Direct obligations of the U.S. Treasury;
- ◆ Savings accounts and certificates of deposit in qualified public depositories;

City of Palatka, Florida

NOTE 2 – DEPOSITS AND INVESTMENTS

The City's investments in common stock, corporate bonds and notes, and government bonds and notes are rated as follows:

<u>Common Stock</u>		<u>Corporate Bonds and Notes</u>		<u>Government Bonds and Notes</u>	
A+	13%	AAA	83%	AAA	95%
		AA1	1%		
A	11%	AA2	3%	-	-
A-	11%	AA3	4%	-	-
B+	19%	A1	5%	-	-
B	15%	A2	2%	-	-
B-	4%	A3	1%	-	-
C	1%	BAA1	1%	-	-
Not rated	26%	Not rated	0%	Not rated	5%
Total	100%		100%		100%

The City's investments in mutual funds, money markets and foreign equities are not rated for credit quality by a nationally recognized statistical rating organization.

The City is exposed to the following risks associated with its investment portfolio:

Credit Risk - the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

Interest Rate Risk - the risk that changes in interest rates will adversely affect the fair value of an investment.

The City does not have a formal investment policy relating to the aforementioned risks, outside of Section 218.415, Florida Statutes, for investing public funds. That statute limits the City's exposure to credit risk and interest rate risk by limiting authorized investment options as previously described. However, the City's three pension plans have each adopted investment policies that address the risks described above and set other investing guidelines. Those policies require the investments to be structured in such a manner as to provide sufficient liquidity to pay obligations as they come due. To the extent possible, an attempt must be made to match investment maturities with known cash needs and anticipated cash-flow requirements. Furthermore, the policies of the Police and Firefighter Plan require diversification to the extent practical to control the risk of loss resulting from over-concentration of assets in a specific maturity, issuer, instrument, dealer or bank in which the financial instruments are bought and sold. The policies of the General Pension Plan place restrictions on investments, including limits as to quality ratings of at least Standard & Poor's A1 or Moody's P-1 for cash instruments; Standard and Poor's BBB or Moody's Baa for bonds or other evidences of indebtedness; corporations listed on one or more of the recognized national exchanges or on the National Market System of the NASDAQ stock market for equities; real estate investments (REITs) that trade on a major exchange; or obligations issued by the United States Government or guaranteed as to principal and interest by the United States Government or an agency of the United States Government.

City of Palatka, Florida
Notes to Financial Statements
September 30, 2006

NOTE 3 – INTERFUND BALANCES AND TRANSFERS

At September 30, 2006, interfund balances are as follows:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 738,855	\$ -
Enterprise Funds:		
Water	313,470	-
Golf Course	-	985,277
Airport	-	67,048
Total	<u>\$ 1,052,325</u>	<u>\$ 1,052,325</u>

As summarized below, the interfund balances arose because two funds had overdrawn their share of the City's pooled cash account.

	<u>Cash and Equivalents As Reported</u>	<u>Adjustment For Overdraft</u>	<u>True Balance</u>
General Fund	\$ 1,138,207	\$ 738,855	\$ 1,877,062
Water	440,106	313,470	753,576
Golf Course	1,250	(985,277)	(984,027)
Airport	900	(67,048)	(66,148)
Total	<u>\$ 1,580,463</u>	<u>\$ -</u>	<u>\$ 1,580,463</u>

Interfund transfers for the year ended September 30, 2006 consisted of the following:

<u>Fund Type/Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ 332,837	\$ 236,475
Nonmajor Governmental Funds	-	74,148
Major Enterprise Funds:		
Water Fund	184,000	181,651
Sanitation Fund	-	77,038
Golf Course Fund	22,475	-
Airport Fund	30,000	-
Total	<u>\$ 569,312</u>	<u>\$ 569,312</u>

The interfund transfers were made in the normal course of operations and are consistent with the activities of the fund making the transfer.

NOTE 5 – LONG-TERM OBLIGATIONS

The City has a \$41,337, 2.6% capital lease for golf course maintenance equipment due in monthly payments of \$986, maturing June 2008, and a \$153,826, 5.5% capital lease for golf carts due in monthly payments of \$2,674 payable from the Golf Course Fund and reported in the business type activities.

Future lease payments, together with the present value of the minimum lease payments, are summarized in the following tabulation:

<u>Year Ending</u> <u>September 30</u>	<u>Business-type</u> <u>Activities</u>
2007	43,921
2008	40,938
2009	<u>52,287</u>
Total Minimum Lease Payments	137,146
Less: Amount Representing Interest	<u>9,246</u>
Present Value of Net Minimum Lease Payments	<u><u>\$ 127,900</u></u>

The City has long-term water/sewer agreements with the St. Johns River Water Management District and Putnam County, which are liquidated when permit costs are incurred or new business hook-ups are made in the Highway 19 corridor.

NOTE 6 – RESTRICTED NET ASSETS

The following schedule displays restricted assets, liabilities payable from those assets, and restricted net assets.

	<u>Business-type</u> <u>Activities</u>
Restricted Assets:	
Cash and Equivalents	\$ 671,722
Investments	<u>580,604</u>
Total	<u>1,252,326</u>
Liabilities Payable from Restricted Assets:	
Current Portion of Debt Service:	
Principal	320,093
Interest	<u>152,326</u>
Total	<u>472,419</u>
Restricted Net Assets	<u><u>\$ 779,907</u></u>

The City has no net assets reported on the Statement of Net Assets that are restricted by enabling legislation.

NOTE 7 – EMPLOYEE BENEFITS

Pension Plan

Plan Description. The City sponsors a single-employer public employee retirement system (the “System”) administered by the City of Palatka, Pension Boards of Trustees. The System administers the City Employees Retirement Plan (the “Plan”) which provides three employee contributory defined benefit pension plans. Members of the Plan include employees of the City and the Palatka Gas Authority. Nonemployer contributions are made by the State of Florida on behalf of Police Officers and Firefighters who participate in the System. For the year ended September 30, 2006 the City recognized \$76,219 and \$64,624 in the General Fund for State contributions to the Police Officers’ and Firefighters’ Retirement Funds, respectively. The City accounts for the Plan in three Pension Trust Funds, corresponding to three benefit groups as follows:

- General – all members not included in Police Officers and Firefighters
- Police Officers – all state-certified police officers
- Firefighters – all state-certified firefighters

The Plan provides for vesting of benefits after 7 years of creditable service. All members are eligible for normal retirement after 7 years of service and attaining age 50 or after 30 years of service regardless of age. Additionally, police and fire employees are also eligible after age 55 and attaining 10 years of service, or after age 52 and attaining 25 years of service. The Plan also provides for disability, retirement and death benefits with eligibility and benefit provisions as described in the authorizing ordinance. For general, police officer and firefighter members, annual benefits for the plan year beginning October 1, 2005, are equal to total years of service times 2.5%, 2.5% and 3.2%, respectively, of final average compensation (highest 3 consecutive years of the last five). No other changes in benefit provisions have been made for the plan year beginning October 1, 2005. The minimum benefit for duty disability is 45% of final average compensation for general, police officer and firefighter members. The minimum benefit for non-duty disability for all members is 25% of final average compensation.

The Boards of Trustees establish and may amend provisions of the plan related to participant eligibility, contribution requirements, vesting, and benefit provisions. However, these plan provisions are subject to minimum requirements established in Chapters 112, 175, and 185, Florida Statutes. The Plan does not issue a stand-alone financial report.

Current membership in the Plan as of September 30, 2006 is as follows:

	<u>General</u>	<u>Police</u>	<u>Fire</u>	<u>Total</u>
Active Employees	122	34	15	171
Service Retirees and Beneficiaries	52	15	4	71

NOTE 7 – EMPLOYEE BENEFITS

Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The City has complied with the requirements of subsection (g) of IRC Section 457 and, accordingly, all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries.

NOTE 8 – RISK MANAGEMENT

The City is exposed to various risks of loss related to general liability, workers' compensation, public liability, law enforcement liability, health benefits, property damage, and errors and omissions. To manage its risks, the City participates in the Florida League of Cities Self Insurance Fund (the "Fund") a public entity risk pool currently operating as a common risk management and insurance program for member cities. The City pays an annual premium to the Fund for its coverage. The premiums are designed to fund the liability risks assumed by the Fund and are based on certain actual exposures of each member. The City's settled claims have not exceeded coverage in any of the past three fiscal years.

NOTE 9 – COMMITMENTS

The City leases some of its police and animal control vehicles under operating leases. Lease payments for the year ended September 30, 2006 were \$145,900. Future lease payments are as follows:

2007	\$ 213,687
2008	181,297
2009	<u>110,783</u>
Total	<u><u>\$ 505,767</u></u>

At September 30, 2006, the City had remaining commitments for approximately \$84,000 for airport improvements.

NOTE 10 – CONTINGENCIES

The City is sometimes a party to lawsuits and claims arising out of the normal conduct of its activities. While the results of lawsuits or other proceedings against the City can not be predicted with certainty, management does not expect that these matters will have a material adverse effect on the financial condition of the City.

NOTE 11 – SUBSEQUENT EVENTS

The City entered into a contract in November 2006 for approximately \$1,100,000 for airport improvements.

Notes to Budgetary Comparison Schedule

The budget is prepared and adopted on the modified accrual basis of accounting.

On or before the first day in August of each year, the City Manager submits to the City Commission a budget for the ensuing fiscal year, along with an accompanying budget message. The general summary of the budget and notice of public hearing is published in the local newspaper. Prior to the last day of September, the budget is legally enacted. All appropriations lapse at the end of the fiscal year.

Florida Statutes provide that it is unlawful to make expenditures that exceed the total amount budgeted for each fund. The City Manager can approve budget transfers within and between operating departments and divisions of the same fund. All interfund transfers require prior approval of the City Commission. Therefore, the fund level is the legal level of control for budget considerations.

Notes to Schedules of Funding Progress and Contributions from Employer and Other Contributing Entities

	General <u>Plan</u>	Police Officers' <u>Plan</u>	Firefighters' <u>Plan</u>

Management Letter

To the Honorable Mayor and
City Commissioners
City of Palatka, Florida

We have audited the financial statements of the City of Palatka (the "City") as of and for the fiscal year ended September 30, 2006, and have issued our report thereon dated February 8, 2007. We have also issued our report on internal control over financial reporting and on compliance and other matters. That report should be considered in conjunction with this management letter.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the State of Florida and require that certain items be addressed in this letter.

Prior Audit Findings

The Rules of the Auditor General require that we comment as to whether or not corrective action have been taken to address significant findings and recommendations made in the preceding audit. In that regard, the only prior audit finding, item 05-1, has been adequately resolved.

Financial Condition

As required by the Rules of the Auditor General, the scope of our audit included a review of the provisions of Section 218.503, Florida Statutes, "Determination of Financial Emergency." in connection with our audit, we determined that the City has not met one or more of the conditions described in Section 218.503(1), Florida Statutes.

Also, as required by the Rules of the Auditor General, we applied financial condition assessment procedures, as of the end of the fiscal year, pursuant to Rule 10.556(8). It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by management. The application of such procedures did not reveal evidence of "deteriorating financial condition" as that term is defined in Rule 10.554.

Annual Financial Report

As required by the Rules of the Auditor General, we determined that City's annual financial report for the fiscal year ended September 30, 2006, filed with the Department of Financial Services pursuant to

To the Honorable Mayor and
City Commissioners
City of Palatka, Florida

Page Two

Section 218.32, Florida Statutes, is in substantial agreement with the audit report for the fiscal year ended September 30, 2006.

Investment of Public Funds

As required by the Rules of the Auditor General, the scope of our audit included a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. Our audit did not reveal any noncompliance with the provisions of Section 218.415, Florida Statutes.

Other Matters

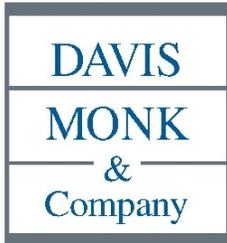

Our audit did not reveal any other matters that we are required to include in this management letter.

This management letter is intended solely for the information and use of the Honorable Mayor and City Commissioners, management, and appropriate audit agencies, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of the audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

The Honorable Mayor and City Commissioners
City of Palatka, Florida

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Palatka, Florida (the "City") as of and for the year ended September 30, 2006, which collectively comprise the City's basic financial statements, and have issued our report thereon dated February 8, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Honorable Mayor and City Commissioners, management, and appropriate audit agencies, and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance and on Internal Control Over Compliance Applicable to Each Major Federal Program

The Honorable Mayor and City Commissioners
City of Palatka, Florida

Compliance

We have audited the compliance of the City of Palatka, Florida (the "City") with the types of compliance requirements described in the *U. S Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable of its major federal program for the year ended September 30, 2006. The City's major federal program is identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended September 30, 2006.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Honorable Mayor and City Commissioners, management, and appropriate audit agencies, and is not intended to be and should not be used by anyone other than these specified parties.

Davis, Hunk, & Company

February 8, 2007
Palatka, Florida

City of Palatka, Florida
Schedule of Findings and Questioned Costs
For the Year Ended September 30, 2006

Part I – Summary of Auditors’ Results

1. The independent auditors’ report on the financial statements was unqualified.
2. The audit disclosed no reportable conditions in internal control over financial reporting.
3. No instances of noncompliance considered material to the financial statements were disclosed by the audit.
4. The audit disclosed no reportable conditions in internal control over compliance with requirements applicable to the major federal award program.
5. The report on compliance with requirements applicable to the major federal award program expressed an unqualified opinion.
6. The audit disclosed no findings required to be reported for the major federal program.
7. The City’s major federal program was:

	<u>CFDA Number</u>
FAA Airport Improvement Program	20.106

8. A threshold of \$300,000 was used to distinguish between Type A and Type B programs.
9. The City did qualify as a low-risk auditee as that term is defined in OMB Circular A-133.

Part II – Financial Statement Findings Section

- No matters are reportable.

Part III – Federal Award Findings and Questioned Cost Section

- No matters are reportable.

**Summary Schedule of Prior Audit Findings
For the Year Ended September 30, 2006
City of Palatka, Florida**

There were no findings relative to Federal or State awards included in the Schedule of Findings and Questioned Costs for the year ended September 30, 2005.
