CITY OF PALATKA

Proclamation

WHEREAS, May 18th, 2013 is the third National Kids to Parks Day, organized and launched by the National Park Trust; and

WHEREAS, National Kids to Parks Day empowers kids and encourages families to get outdoors and visit America's parks; and

WHEREAS, it is important to introduce a new generation to our nation's parks because of the decline in Park attendance over the last decades; and

WHEREAS, we should encourage children to lead a more active lifestyle to combat the issues of childhood obesity, diabetes mellitus, hypertension and hypercholesterolemia; and

WHEREAS, National Kids to Parks Day is open to all children and adults across the country to encourage a large and diverse group of participants; and

WHEREAS, National Kids to Parks Day will broaden children's appreciation for nature and the outdoors; and

WHEREAS, Palatka and Putnam County are home to some of the most beautiful parks and recreation areas in the State of Florida, boasts the State's first designated Blueway paddling trail, and today dedicated and opened a portion of the Palatka-to-St. Augustine State Trail as part of the East Coast Greenway.

NOW THEREFORE, I, Vernon Myers, Mayor of the City of Palatka, Florida, together with the members of the Palatka City Commission, do hereby endorse and proclaim May 18, 2013 as

NATIONAL KIDS TO PARKS DAY

in the City of Palatka, and we urge all citizens to make time on Saturday, May 18th, to take the children in their lives to a neighborhood, state or national park, trail or blueway.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Seal of the City of Palatka, Florida on this 9th day of May, in the Year of Our Lord Two Thousand and Thirteen

CITY OF PALATKA

Proclamation

WHEREAS, public works services provided in our community are an integral part of our citizens' everyday lives; and

WHEREAS, the support of an understanding and informed citizenry is vital to the efficient operation of public works systems and programs such as water, sewers, streets and highways, public buildings, solid waste collection, storm water management, fleet management, and parks & cemeteries maintenance; and

WHEREAS, the health, safety, and comfort of this community greatly depends on these facilities and services. The quality and effectiveness of these facilities, as well as their planning, design, construction and reliability, is vitally dependent upon the efforts and skill of public works officials as well as employees; and

WHEREAS, the efficiency of the qualified and dedicated personnel who staff public works departments is materially influenced by the people's attitude and understanding of the importance of the work they perform; and

WHEREAS, National Public Works Week (NPWW) is a celebration of the tens of thousands of men and women in North America who provide and maintain the infrastructure and services collectively known as public works, and we celebrate the hard work and dedication of the many public works professional throughout the world. This year's theme, **"Because of Public Works. . . ."** is a tribute to all Public Works employees who create the foundation of a stronger, more livable community.

NOW, THEREFORE, I, Vernon Myers, Mayor of the City of Palatka, Florida, together with the members of the Palatka City Commission, hereby proclaim the week of May 19 through May 25, 2013 as

NATIONAL PUBLIC WORKS WEEK

in the City of Palatka, and we call upon all citizens and civic organizations to acquaint themselves with the issues involved in providing our public works, and to recognize the contributions which public works officials and employees make every day to our health, safety, comfort, and quality of life.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Seal of the City of Palatka, Florida on this 9th day of May, in the Year of Our Lord Two Thousand Thirteen.

CITY OF PALATKA

Proclamation

WHEREAS, the State of Florida offers unique water-related recreational activities to its residents and visitors from around the world, and boating is one of the State's leading outdoor activities. With more than a million residents participating in this pastime, Florida is known as the "Boating Capital of the World;" and

WHEREAS, each year for National Safe Boating Week, the United States Coast Guard partners with boating organizations to raise awareness on the importance of taking proper precautions while boating. By embracing responsible boating practices, Americans can avoid preventable injuries and enjoy the majesty of our Nation's waterways; and

WHEREAS, on average, 700 people die each year in boating-related accidents in the U.S.; approximately 70% of these are fatalities caused by drowning. The vast majority of these accidents are caused by human error or poor judgment and not by the boat, equipment, or environmental factors; and

WHEREAS, a significant number of boaters who lose their lives by drowning each year would be alive today had they worn their life jackets; and

WHEREAS, today's life jackets are more comfortable, more attractive, and more wearable than styles of years past and deserve a fresh look by today's boating public; and

WHEREAS, the Palatka City Commission supports the goals of the North American Safe Boating Campaign, and wishes to promote safe boating in Putnam County, which is known as The Bass Capital due to its bountiful recreational fishing opportunities, where boating is part of our culture.

NOW, THEREFORE, I, Vernon Myers, Mayor of the City of Palatka, Florida, together with the members of the Palatka City Commission, do hereby endorse and proclaim May 18 – 24, 2013 as

NATIONAL SAFE BOATING WEEK

In the City of Palatka, and we encourage all citizens who participate in boating activities to "Wear It" and to learn about and practice all safe boating habits.

STATE HIGHWAY LIGHTING, MAINTENANCE AND COMPENSATION AGREEMENT

1.0 PURPOSE

This exhibit defines the method and limits of compensation to be made to the **Maintaining Agency** for the services described in this Agreement and Method by which payments will be made.

2.0 COMPENSATION

For the satisfactory completion of all services detailed in this Agreement, the Department will pay the **Maintaining Agency** the Total Lump Sum as indicated in Section 2 of the Agreement. The **Maintaining Agency** will receive one lump sum payment at the end of each fiscal year for satisfactory completion of service.

Total Lump Sum Amount for each Fiscal Year is calculated by taking all of the actual number of qualifying lights times 90% times the FY Unit Rate.

Example: 330 lights x 0.90 x $201.58 = $59,869.26

FY	12-13	$201.58
	13-14	$244.00
	14-15	$251.32

Beginning FY 14-15, the Unit Rate for each fiscal year will be 3% more than the Unit Rate from the previous fiscal year, unless otherwise specified in an amendment to this Agreement or changed through an update of this exhibit.

STATE HIGHWAY LIGHTING, MAINTENANCE, AND COMPENSATION AGREEMENT

THIS AGREEMENT, entered into this 19th day of May, year of 2003, by and between the **STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION**, hereinafter referred to as the "**FDOT**", and City of Palatka, hereinafter referred to as the "**MAINTAINING AGENCY**";

WITNESSETH:

WHEREAS, the **MAINTAINING AGENCY** has the authority to enter into this Agreement and to undertake the maintenance and operation of lighting on the State Highway System, and the **FDOT** is authorized under Sections 334.044, Florida Statutes and 335.055, Florida Statutes to enter into this Agreement; and

WHEREAS, the **MAINTAINING AGENCY** has authorized its undersigned officers to enter into and execute this Agreement,

NOW, THEREFORE, in consideration of the premises and the mutual covenants contained herein, the **FDOT** and the **MAINTAINING AGENCY** hereby agree as follows:

1. **Maintenance of Facilities**

a. The **MAINTAINING AGENCY** shall maintain all the lighting now or hereafter located on the State Highway System within the jurisdictional boundaries of the **MAINTAINING AGENCY,** hereinafter referred to as the "Facilities," throughout its expected useful life. For the purposes of this Agreement, the term Facilities shall be deemed to include, but not necessarily be limited to, lighting for roadways, as well as park and ride, pedestrian overpasses, and recreational areas owned by or located on the property of the **FDOT**, but shall exclude those systems listed in Exhibit "A" attached hereto and by this reference made a part hereof, and shall exclude lighting located in weigh stations, rest areas, or on Interstate highways.

b. In maintaining the Facilities, the **MAINTAINING AGENCY** shall perform all activities necessary to keep the Facilities fully operating, properly functioning, with a minimum of 90% of the lights burning for any lighting type (ex. high mast, standard, underdeck, sign) or roadway system at all times for their normal expected useful life in accordance with the original design thereof, whether necessitated by normal wear and tear, accidental or intentional damage, or acts of nature. Said maintenance shall include, but shall not be limited to, providing electrical power and paying all charges associated therewith, routine inspection and testing, preventative maintenance, emergency maintenance, replacement of any component parts of the Facilities (including the poles and any and all other component parts installed as part of the Facilities), and locating (both vertically and horizontally) the Facilities, as may be necessary.

c. All maintenance shall be in accordance with the provisions of the following:

(1) Manual of Uniform Traffic Control Devices; and,

(2) All other applicable local, state, or federal laws, rules, resolutions, or ordinances, and **FDOT** procedures.

d. For lighting installed as part of an **FDOT** project, the **MAINTAINING AGENCY's** obligation to maintain shall commence upon the **MAINTAINING AGENCY's** receipt of notification from the **FDOT** that the **FDOT** has finally accepted the project, except for the obligation to provide for electrical power, which obligation to provide for electrical power shall commence at such time as the lighting system is ready to be energized; provided, however, that the **MAINTAINING AGENCY** shall not be required to perform any activities which are the responsibilities of **FDOT's** contractor.

e. The continuing obligations under this paragraph 1 beyond the first fiscal year hereof are subject to the voluntary negotiation of the amount to be paid as set forth in subparagraph 2b hereof.

2. Compensation and Payment

a. The **FDOT** agrees to pay to the **MAINTAINING AGENCY** a lump sum of $ 6,094.00 for the fiscal year in which this Agreement is signed (fiscal year as referenced in this Agreement shall be **FDOT's** fiscal year).

b. For each future fiscal year, the **FDOT** and the **MAINTAINING AGENCY** shall agree on the amount to be paid prior to the fiscal year beginning. The **FDOT** will issue a work order confirming the amount and authorizing the performance of maintenance for each new fiscal year.

c. Invoices may be submitted anytime after May 19th of the fiscal year in which the services were provided, but no later than 180 days after the end of said fiscal year. Payment shall be made in one lump sum as provided in paragraph 4 hereof.

d. Payment shall be made in accordance with Section 215.422, Florida Statutes.

e. Bills for fees or other compensation for services or expenses shall be submitted in a format acceptable to the **FDOT** and in detail sufficient for a proper pre-audit and post-audit thereof.

3. Record Keeping

The **MAINTAINING AGENCY** shall keep records of all activities performed pursuant to this Agreement. The records shall be kept in a format approved by the **FDOT**.

Records shall be maintained and made available upon request to the **FDOT** at all times during the period of this Agreement and for three (3) years after final payment for the work pursuant to this Agreement is made. Copies of these documents and records shall be furnished to the **FDOT** upon request.

4. Invoicing

Upon receipt, the **FDOT** has five (5) working days to inspect and approve the goods and services. The **FDOT** has twenty (20) days to deliver a request for payment (voucher) to the Department of Financial Services. The twenty (20) days are measured from the latter of the date the invoice is received or the goods or services are received, inspected, and approved.

If a payment is not available within forty (40) days, a separate interest penalty at a rate as established pursuant to Section 215.422, Florida Statutes, shall be due and payable, in addition to the invoice amount, to the **MAINTAINING AGENCY**. Interest penalties of less than one (1) dollar shall not be enforced unless the **MAINTAINING AGENCY** requests payment. Invoices returned to a **MAINTAINING AGENCY** because of **MAINTAINING AGENCY** preparation errors shall result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the **FDOT**.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for contractors/vendors who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 410-9724 or by calling the Chief Financial Officer's Hotline, 1-800-848-3792.

The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. In the event this Agreement is in excess of $25,000 and has a term for a period of more than one (1) year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

The **FDOT**, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during suchfiscal year. Any contract, verbal or written, made in violation of this subsection shall be null and void, and no money may be paid on such contract. The **FDOT** shall require a statement from the Comptroller of the **FDOT** that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding one (1) year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the FDOT which are for an amount in excess of $25,000 and which have a term for a period of more than one (1) year.

The **FDOT** will provide a copy of the statement referenced above to the **MAINTAINING AGENCY**.

5. Default

In the event that the **MAINTAINING AGENCY** breaches any provision of this Agreement, then in addition to any other remedies which are otherwise provided for in this Agreement, the **FDOT** may exercise one or more of the following options, provided that at no time shall the **FDOT** be entitled to receive double recovery of damages:

a. Pursue a claim for damages suffered by the **FDOT** or the public.

b. Pursue any other remedies legally available.

c. As to any work not performed by the **MAINTAINING AGENCY**, perform such work with its own forces or through contractors and seek reimbursement for the cost thereof from the **MAINTAINING AGENCY if the MAINTAINING AGENCY** fails to cure the non-performance within fourteen (14) days after written notice from the **FDOT** of the non-performance; provided, however, that advance notice and cure shall not be preconditions in the event of an emergency.

6. Indemnification

The **MAINTAINING AGENCY**, to the extent allowed by Section 768.28, Florida Statutes, shall indemnify, defend, save, and hold harmless, the State, the **FDOT**, and all of their officers, agents, and employees from all suits, actions, claims, demands, and liabilities of any nature whatsoever arising out of, because of, or due to breach of this Agreement by the **MAINTAINING AGENCY**, its subcontractors, agents, or employees or due to any act or occurrence of omission or commission of the **MAINTAINING AGENCY**, its subcontractors, agents, or employees.

7. Force Majeure

Neither the **MAINTAINING AGENCY** nor the **FDOT** shall be liable to the other for any failure to perform under this Agreement to the extent such performance is prevented by an act of God, war, riots, natural catastrophe, or other event beyond the control of the non-performing party and which could not have been avoided or overcome by the exercise of due diligence; provided that the party claiming the excuse from performance has (a) promptly notified the other party of the occurrence and its estimate duration, (b) promptly remedied or mitigated the effect of the occurrence to the extent possible, and (c) resumed performance as soon as possible.

8. Miscellaneous

a. The **FDOT** shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationality Act. If the contractor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of this Agreement.

b. The **MAINTAINING AGENCY** shall allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the **MAINTAINING AGENCY** in conjunction with this Agreement. Failure by the **MAINTAINING AGENCY** to grant such public access shall be grounds for immediate unilateral cancellation of this Agreement by the **FDOT**.

c. This Agreement constitutes the complete and final expression of the parties with respect to the subject matter hereof and supersedes all prior agreements, understandings, or negotiations with respect thereto.

d. This Agreement shall be governed by the laws of the State of Florida. Any provision hereof found to be unlawful or unenforceable shall be severable and shall not affect the validity of the remaining provisions hereof.

e. Time is of the essence in the performance of all obligations under this Agreement.

f. All notices required pursuant to the terms hereof may be sent by first class United States Mail, facsimile transmission, hand delivery, or express mail and shall be deemed to have been received by the end of five (5) business days from the proper sending thereof unless proof of prior actual receipt is provided. The **MAINTAINING AGENCY** shall have a continuing obligation to notify each District of the **FDOT** of the appropriate persons for notices to be sent pursuant to this Agreement. Unless otherwise notified in writing, notices shall be sent to the following addresses:

Subject: Maintenance Work Order
State Highway System Lighting, Maintenance and Compensation Agreement

Dear Maintaining Agency:

The Department of Transportation is finalizing its review of the proposed budget for the upcoming fiscal year (July 2010/June 2011) under the STATE HIGHWAY SYSTEM LIGHTING, MAINTENANCE AND COMPENSATION program. The lump sum dollar amount that the Department has determined that you are currently eligible for under this program for the next fiscal year is reflected on the previously sent work order which **includes a 3% increase for maintenance and operational costs.**

You are responsible for reviewing and understanding the terms of your previously executed agreement with the Department. This program has been underway for almost six years. I would like to highlight and remind you of two very important aspects of this program. The first is section one of your agreement with the FDOT as stated below:

Maintenance of Facilities:

In maintaining the Facilities, the **MAINTAINING AGENCY** shall perform all activities necessary to keep the Facilities fully operating, properly functioning, with a minimum of 90% of the lights burning for any lighting type (ex. high mast, standard, underdeck, sign) or roadway system at all times for their normal expected useful life in accordance with the original design thereof, whether necessitated by normal wear and tear, accidental or intentional damage, or acts of nature. Said maintenance shall include, but shall not be limited to, providing electrical power and paying all charges associated therewith, routine inspection and testing, preventative maintenance, emergency maintenance, replacement of any component parts of the Facilities (including the poles and any and all other component parts installed as part of the Facilities), and locating (both vertically and horizontally) the Facilities, as may be necessary.

The second area of responsibility is as stated below:

Record Keeping

The **MAINTAINING AGENCY** shall keep records of all activities performed pursuant to this Agreement. The records shall be kept in a format approved by the **FDOT**.

Records shall be maintained and made available upon request to the **FDOT** at all times during the period of this Agreement and for three (3) years after final payment for the work pursuant to this Agreement is made. Copies of these documents and records shall be furnished to the **FDOT** upon request.

The compensation program is intended to compensate you for the cost associated with maintaining the roadway light only, not traffic signals, which are handled on a separate agreement with our Traffic Operations sections.

In addition, it is your responsibility that the street lights are maintained, operated and the energy bill is paid under the terms of your agreement with the above specific paragraphs in mind. You should not expect to be over compensated under this program. It is imperative that you continue to review last years cost and next years projected cost and agree that payment for last years work order and next years work order is fair and reasonable to both parties.

Finally, once again I am requesting that this year you spend the time to field review each lighting system and report outages and damages to your system to your maintenance department using the attached form. In the case that your local power company is the maintenance provider, you should provide written notice to them and provide a copy of the form to my attention. This needs to be complete by **May 19, 2010**.

If you should have any questions, please feel free to contact me at 1-800-749-2967 ext. 3732.

Sincerely,

H. Vince Camp

Maintaining Agency:

The Department of Transportation has reviewed the proposed budget allocation for the upcoming fiscal year which runs from July 2013 through June 2014 for the STATE HIGHWAY SYSTEM LIGHTING, MAINTENANCE AND COMPENSATION program. The Department has determined that you are currently eligible for 192 street lights x .9 x $244.00) = **$42,163.20** under this program for the next fiscal year (see Exhibit B). The 90% multiplier used in the new formula shown in Exhibit B comes from paragraph 1. b. in your agreement which states that a minimum of 90% of the lights shall be operating and properly functional.

In order for timely processing, the Department requires that you return Exhibit "A" and Damage and Outage Report for the street lights that you are maintaining on the state highway system on or before **April 13, 2013**.

Please sign and date Exhibit "A" and return original signature to:

Mr. John P. McCarthy
FLORIDA DEPARTMENT OF TRANSPORTATION
1109 South Marion Avenue – MS 2024
Lake City, FL 32024

If the Department does not receive the Exhibit "A", fully executed, and the Damage and Outage Report you will not be eligible for reimbursement of your cost for the period from July 1, 2013 to June 30, 2014.

REMINDER: Your fiscal year 2012/13 invoice may be submitted on or after May 19, 2013.

If you should have any questions, please feel free to contact Pat Keene at 1-800-749-2967, ext 3733.

STREET LIGHTING

RATE SCHEDULE: SL-1

AVAILABLE:

In all territory served.

APPLICATION:

For lighting streets and roadways, whether public or private, which are thoroughfares for normal flow of vehicular traffic. Lighting for other applications such as: municipally and privately-owned parking lots; parks and recreational areas; or any other area not expressly defined above, is not permitted under this schedule.

TYPE OF INSTALLATION:

FPL-owned fixtures normally will be mounted on poles of FPL's existing distribution system and served from overhead wires. On request of the Customer, FPL will provide special poles or underground wires at the charges specified below. Customer-owned systems will be of a standard type and design, permitting service and lamp replacement at no abnormal cost to FPL.

SERVICE:

Service includes lamp renewals, patrol, energy from dusk each day until dawn the following day and maintenance of FPL-owned Street Lighting Systems.

LIMITATION OF SERVICE:

For Mercury Vapor, Fluorescent and Incandescent luminaires, no additions or changes in specified lumen output on existing installations will be permitted under this schedule after October 4, 1981 except where such additional lights are required in order to match existing installations.

Stand-by or resale service is not permitted hereunder.

CUSTOMER CONTRIBUTIONS:

A Contribution-in-Aid-of-Construction (CIAC) will be required for:

a) the differential cost between employing rapid construction techniques in trenching, backfilling and pole installation work where no obstructions exist, and the added cost to overcome obstructions such as sprinkler systems, paved surfaces (such as sidewalks, curbs, gutters, and roadways), landscaping, sodding and other obstructions encountered along the Street Light System installation route, including repair and replacement. If the Customer elects to perform work such as trenching and restoration, they will be reimbursed by FPL with a credit (not to exceed the total CIAC cost) for the value of this work as determined by FPL;

b) the installation cost of any new overhead distribution facilities and/or the cost of alterations to existing distribution facilities which are required in order to serve the Street Lighting System less four (4) times the additional annual non-fuel energy revenue generated by the installation or alteration of the Street Lighting System, plus where underground facilities are installed, the differential installation cost between underground and overhead distribution facilities.

These costs shall be paid by the Customer prior to the initiation of any construction work by FPL. The Customer shall also pay any additional costs associated with design modifications requested after the original estimate has been made.

(Continued on Sheet No. 8.716)

(Continued from Sheet No. 8.715)

REMOVAL OF FACILITIES:

If Street Lighting facilities are removed either by Customer request or termination or breach of the agreement, the Customer shall pay FPL an amount equal to the original installed cost of the removed facilities less any salvage value and any depreciation (based on current depreciation rates as approved by the Florida Public Service Commission) plus removal cost.

* These units are closed to new FPL installations.
** The non-fuel energy charge is 2.408¢ per kWh.
*** Bills rendered based on "Total" charge. Unbundling of charges is not permitted.
**** New Customer installations of those units closed to FPL installations cannot receive relamping service.

Charges for other FPL-owned facilities:

Wood pole used only for the street lighting system	$4.19
Concrete pole used only for the street lighting system	$5.76
Fiberglass pole used only for the street lighting system	$6.81
Steel pole used only for the street lighting system *	$5.76
Underground conductors not under paving	3.29¢ per foot
Underground conductors under paving	8.05¢ per foot

The Underground conductors under paving charge will not apply where a CIAC is paid pursuant to section "a)" under "Customer Contributions." The Underground conductors not under paving charge will apply in these situations.

(Continued on Sheet No. 8.717)

(Continued from Sheet No. 8.716)

On Customer-owned Street Lighting Systems, where Customer contracts to relamp at no cost to FPL, the Monthly Rate for non-fuel energy shall be 2.408¢ per kWh of estimated usage of each unit plus adjustments. On Street Lighting Systems, where the Customer elects to install Customer-owned monitoring systems, the Monthly Rate for non-fuel energy shall be 2.408¢ per kWh of estimated usage of each monitoring unit plus adjustments. The minimum monthly kWh per monitoring device will be 1 kilowatt-hour per month, and the maximum monthly kWh per monitoring device will be 5 kilowatt-hours per month.

During the initial installation period:
Facilities in service for 15 days or less will not be billed;
Facilities in service for 16 days or more will be billed for a full month.

WILLFUL DAMAGE:

Upon the second occurrence of willful damage to any FPL-owned facilities, the Customer will be responsible for the cost incurred for repair or replacement. If the lighting fixture is damaged, based on prior written instructions from the Customer, FPL will:

a) Replace the fixture with a shielded cutoff cobrahead. The Customer shall pay $280.00 for the shield plus all associated costs. However, if the Customer chooses to have the shield installed after the first occurrence, the Customer shall only pay the $280.00 cost of the shield; or

b) Replace with a like unshielded fixture. For this, and each subsequent occurrence, the Customer shall pay the costs specified under "Removal of Facilities"; or

c) Terminate service to the fixture.

Option selection shall be made by the Customer in writing and apply to all fixtures which FPL has installed on the Customer's behalf. Selection changes may be made by the Customer at any time and will become effective ninety (90) days after written notice is received.

FUEL COST AND PURCHASE POWER RECOVERY CLAUSE (FUEL):

The monthly charge of each rate schedule shall be rounded to the nearest .001¢ per kilowatt-hour of sales to reflect the recovery of costs of fossil and nuclear fuels and purchased power (excluding capacity payments) for each kilowatt-hour delivered, including other adjustments. Fuel Costs and Purchased Power Recovery Factors are normally calculated annually, for the billing period of January through December and are adjusted to incorporate changes in costs from one period to the next.

ENERGY CONSERVATION COST RECOVERY CLAUSE (CONSERVATION):

The monthly charge of each rate schedule shall be rounded to the nearest .001¢ per kilowatt-hour of sales to reflect the recovery of conservation related expenditures by the Company. The Company shall record both projected and actual expenses and revenues associated with the implementation of the Company's Energy Conservation Plan as authorized by the Commission. The procedure for the review, approval, recovery and recording of such costs and revenues is set forth in Commission Rule 25-17.015, F.A.C. Energy Conservation Cost Recovery Factors are normally developed annually, for the billing period of January through December and are adjusted to incorporate changes in costs from one period to the next.

CAPACITY PAYMENT RECOVERY CLAUSE (CAPACITY):

The monthly charge of each rate schedule shall be rounded to the nearest .001¢ per kilowatt-hour of sales or $.01 per kilowatt of demand to reflect the recovery of capacity costs of purchased power, including other adjustments. Capacity Payment Recovery Factors are normally calculated annually, for the billing period of January through December and are adjusted to incorporate changes in costs from one period to the next.

For non-demand rate schedules, the Capacity Payment Charge shall be applied to the customer's total kWh. For Demand rate schedules (other than those listed below), the Capacity Payment Charge shall be applied to the customer's billing demand as specified by the rate schedule. For Rate Schedule CILC-1, the Capacity Payment Charge shall be applied to the customer's On-peak demand. For Rate Schedules SST-1 and ISST-1, the Capacity Reservation Demand Charge (RDC) and Daily Demand Charge (DDC) shall be applied to the On-Peak Standby Demand and the Contract Standby Demand as described in sections (2) and (3) of Demand Charge for each rate schedule.

ENVIRONMENTAL COST RECOVERY CLAUSE (ENVIRONMENTAL):

The monthly charge of each rate schedule shall be rounded to the nearest .001¢ per kilowatt-hour of sales to reflect the recovery of environmental compliance costs as approved by the Florida Public Service Commission. The Environmental Cost Recovery Factor is normally calculated annually, for the billing period of January through December and are adjusted to incorporate changes in costs from one period to the next.

FRANCHISE FEE CLAUSE:

The Monthly Rate of each rate schedule is increased by the specified percentage factor for each franchise area as set forth in the Franchise Fee Factors which are incorporated by reference as part of this clause and as filed with the Florida Public Service Commission. This percentage factor shall be applied after other appropriate adjustments.

TAX ADJUSTMENT CLAUSE:

The Tax Adjustment Clause shall be applied to the Monthly Rate of each filed rate schedule as indicated with reference to adjustment.

Plus or minus the applicable proportionate part of any taxes and assessments imposed by any governmental authority below or in excess of those in effect on the effective date hereof, which are assessed on the basis of the number of meters; the number of customers; the price of electric energy or service sold; revenues from electric energy or service sold; or, the volume of energy generated or purchased for sale or sold.

Such taxes and assessments are to be reflected on the bills of only those customers within the jurisdiction of the governmental authority imposing the taxes and assessments.

SUMMARY: On February 13, 2013 the City of Palatka received 29 responses to RFQ #13-00 for continuing Engineering, Architecture, Landscape Architecture and Surveying services. A committee comprised of City staff evaluated the respondents based upon the evaluation criteria and determined the attached short-list of respondents. As you can see, the committee did not recommend short-listing general surveying and structural engineering services.

This request is for authorization to negotiate Continuing Services Contracts with several firms to give the City flexibility to select the firm deemed best suited for or in the best interest of a particular project on an as needed basis. Any future project specific Task Order or will be processed and approved in accordance with the City's procurement policy. A list of recommended short-listed firms is attached.

RECOMMENDED ACTION: Adopt Resolution No. 2013-9- _____ approving the shortlist of qualified Engineering, Architectural, Geo-technical, Landscape Architectural, and water quality program consultants, and authorizing the City Manager to begin negotiations with approved short-listed qualified respondents in those ranked categories.

RESOLUTION No. 2013 – 9 - 110

A RESOLUTION OF THE CITY OF PALATKA, FLORIDA, APPROVING THE SHORTLIST OF QUALIFIED ENGINEERING, ARCHITECTURAL, GEO-TECHNICAL, LANDSCAPE ARCHITECTURAL, AND WATER QUALITY PROGRAM CONSULTANT PER RFQ 13-001; AND AUTHORIZING THE CITY MANAGER TO BEGIN CONTRACT NEGOTIATIONS WITH THE SHORT-LISTED RESPONDING QUALIFIED PROVIDERS ACCORDINGLY

WHEREAS, on February 15, 2013, the City of Palatka (the **City**) issued Request for Qualifications 13-001 (the **RFQ**) for continuing Engineering, Architecture, Landscape Architecture and Surveying services; and

WHEREAS, on March 20, 2013 the City received twenty-nine (29) responses to the **RFQ**, which have been reviewed by staff; and

WHEREAS, staff recommends the shortlisted qualified firms as listed in Exhibit A, attached hereto; and

WHEREAS, the City wishes to negotiate Continuing Services Contracts with these firms to give the City flexibility to select the firm deemed best suited for a particular project as needed; and

WHEREAS, any future specific Task Orders will be processed and approved in accordance with the City's procurement policy; and

WHEREAS, there is no guarantee of future work to any or all firms; and

WHEREAS, the **City** deems it reasonable and necessary approve the shortlisted firms.

NOW, THEREFORE, BE IT RESOLVED by the City Commission of the City of Palatka, Florida:

1. That the shortlisted firms listed in Exhibit A attached hereto are hereby approved as the most qualified to provide the services of Engineering, Architecture, Water Quality and Landscape Architecture; and

2. That the City Manager is hereby authorized to negotiate contracts for Continuing Services with the shortlisted firms, provided such agreements are approved as to form and legal sufficiency by the City Attorney.

PASSED AND ADOPTED by the City Commission of the City of Palatka, Florida this 9th day of May, 2013.

CITY COMMISSION AGENDA ITEM

SUBJECT: **Palatka Firefighters' Pension Board Appointment**

DEPARTMENT: **Admin/Clerk**

ATTACHMENTS: ___ Ordinance ___ Resolution ___ Motion
__x__ Support Documents ___ Other

SUMMARY: There is currently one opening on the Palatka Firefighters' Pension Board. This opening is due to one member, James White, declining reappointment to the Board. Of the five members of this Board, two are elected Pension members, two are City Commission appointees, and one is known as the "5th Member," who is chosen by the other four members. The current vacancy is for one of the two City Commission appointees.

Mr. Randall L. (Randy) Porter has applied for appointment to this Board. Mr. Porter lives inside the city limits, which is a requirement. He is also a retired (former) member of the Plan. Florida Statutes, Sec.175.061, sets forth the membership of Firefighter Pension Boards of Trustees and does not specifically exclude retired firefighters (former members of the Plan) from serving on Firefighter Pension Boards as either a Commission Appointee or 5th Member. I have attached a copy of this section of the Statute.

Mr. Porter is aware of this Board's duties, function, fiduciary responsibilities and meeting requirements and has indicated his desire to serve, based upon his application for appointment, which follows this Summary.

RECOMMENDED ACTION: Appoint Randall L. (Randy) Porter to the Palatka Firefighters' Pension Board as one of two City Commission appointees for the remainder of a two-year term to expire January, 2015.

Title XII
MUNICIPALITIES

Chapter 175
FIREFIGHTER PENSIONS

View Entire Chapter

175.061 Board of trustees; members; terms of office; meetings; legal entity; costs; attorney's fees.—For any municipality, special fire control district, chapter plan, local law municipality, local law special fire control district, or local law plan under this chapter:

(1) In each municipality and in each special fire control district there is hereby created a board of trustees of the firefighters' pension trust fund, which shall be solely responsible for administering the trust fund. Effective October 1, 1986, and thereafter:

(a) The membership of the board of trustees for a chapter plan consists of five members, two of whom, unless otherwise prohibited by law, must be legal residents of the municipality or special fire control district and must be appointed by the governing body of the municipality or special fire control district, and two of whom must be full-time firefighters as defined in s. 175.032 who are elected by a majority of the active firefighters who are members of such plan. With respect to any chapter plan or local law plan that, on January 1, 1997, allowed retired firefighters to vote in such elections, retirees may continue to vote in such elections. The fifth member shall be chosen by a majority of the previous four members as provided herein, and such person's name shall be submitted to the governing body of the municipality or special fire control district. Upon receipt of the fifth person's name, the governing body of the municipality or special fire control district shall, as a ministerial duty, appoint such person to the board of trustees. The fifth member shall have the same rights as each of the other four members, shall serve as trustee for a period of 2 years, and may succeed himself or herself in office. Each resident member shall serve as trustee for a period of 2 years, unless sooner replaced by the governing body at whose pleasure he or she serves, and may succeed himself or herself as a trustee. Each firefighter member shall serve as trustee for a period of 2 years, unless he or she sooner leaves the employment of the municipality or special fire control district as a firefighter, whereupon a successor shall be chosen in the same manner as an original appointment. Each firefighter may succeed himself or herself in office. The terms of office of the appointed and elected members may be amended by municipal ordinance, special act of the Legislature, or resolution adopted by the governing body of the special fire control district to extend the terms from 2 years to 4 years. The length of the terms of office shall be the same for all board members.

(b) The membership of boards of trustees for local law plans shall be as follows:

1. If a municipality or special fire control district has a pension plan for firefighters only, the provisions of paragraph (a) apply.

2. If a municipality has a pension plan for firefighters and police officers, the provisions of paragraph (a) apply, except that one member of the board must be a firefighter and one member of the board must be a police officer as defined in s. 185.02, respectively elected by a majority of the active firefighters or police officers who are members of the plan.

3. A board of trustees operating a local law plan on July 1, 1999, which is combined with a plan for general employees shall hold an election of the firefighters, or firefighters and police officers, if included, to determine whether a plan is to be established for firefighters only, or for firefighters and police officers where included. Based on the election results, a new board shall be established as provided in subparagraph 1. or subparagraph 2., as appropriate. The municipality or fire control district shall enact an ordinance or resolution to implement the new board by October 1, 1999. The newly established board shall take whatever action is necessary to determine the amount of assets attributable to firefighters, or firefighters and police officers where included. Such assets include all employer, employee, and state contributions made by or on behalf of firefighters, or firefighters and police officers where included, and any investment income derived from such contributions. All such moneys shall be transferred into the newly established retirement plan, as directed by the board.

With respect to a board of trustees operating a local law plan on June 30, 1986, this paragraph does not permit the reduction of the membership percentage of firefighters, or of firefighters and police officers where a joint or mixed fund exists. However, for the sole purpose of changing municipal representation, a municipality may by ordinance change the municipal representation on the board of trustees operating a local law plan by ordinance, only if such change does not reduce the membership percentage of firefighters, or firefighters and police officers, or the membership percentage of the municipal representation.

(c) Whenever the active firefighter membership of a closed chapter plan or closed local law plan as provided in s. 175.371 falls below 10, an active firefighter member seat may be held by either a retired member or an active firefighter member of the plan who is elected by the active and retired members of the plan. If there are no active or retired firefighters remaining in the plan or capable of serving, the remaining board members may elect an individual to serve in the active firefighter seat. Upon receipt of such person's name, the legislative body of the municipality or special fire control district shall, as a ministerial duty, appoint such person to the board of trustees. This paragraph applies only to those plans that are closed to new members under s. 175.371(2), and does not apply to any other municipality or fire control district having a chapter or local law plan.

(2) The trustees shall by a majority vote elect from their number a chair and a secretary. The secretary of the board shall keep a complete minute book of the actions, proceedings, or hearings of the board. The trustees shall not receive any compensation as such, but may receive expenses and per diem as provided by Florida law.

(3) The board of trustees shall meet at least quarterly each year.

(4) Each board of trustees shall be a legal entity with, in addition to other powers and responsibilities contained herein, the power to bring and defend lawsuits of every kind, nature, and description.

(5) In any judicial proceeding or administrative proceeding under chapter 120 brought under or pursuant to the provisions of this chapter, the prevailing party shall be entitled to recover the costs thereof, together with reasonable attorney's fees.

(6) The provisions of this section may not be altered by a participating municipality or special fire control district operating a chapter plan or local law plan under this chapter.

(7) The board of trustees may, upon written request of the retiree of the plan, or by a dependent, if authorized by the retiree or the retiree's beneficiary, authorize the plan administrator to withhold from the monthly retirement payment funds that are necessary to pay for the benefits being received through the governmental entity from which the employee retired, to pay the certified bargaining agent of the

governmental entity, and to make any payments for child support or alimony. Upon the written request of the retiree of the plan, the board may also authorize the plan administrator to withhold from the retirement payment those funds necessary to pay for premiums for accident, health, and long-term care insurance for the retiree and the retiree's spouse and dependents. A retirement plan does not incur liability for participation in this permissive program if its actions are taken in good faith.

Subject: Re: Pension Board Trustee Eligibility

Betsy,

The retired firefighter can serve as one of the City appointed Trustees provided that he is a resident of Palatka and the City Council appoints him. These are the only requirements for the City seat - see the below excerpts from the Plan document and the state statutes. I believe that at one time there was a proposed amendment to the law that excluded retirees, but it is not a part of the law and I do not believe that it ever was a part of the law.

It has been some time since I reviewed your document and there have been changes to the state law impacting your plans. It has also been some time since I met with the Board to discuss any issues. Please let me know if there are items that you would like to have addressed.

Plan document provision:

Sec. 2-250.25. - Board of trustees—Authority and responsibility; composition; term of office; oath of office; vacancies.

(a) The administration, management and responsibility for the proper operation of the retirement plan, and for interpreting and making effective the provisions of the retirement plan are vested in a board of trustees.

(b) The board of trustees shall consist of the following five individuals:

(1) Two individuals who are legal residents of the City of Palatka shall by selected by and to serve at the pleasure of the city commission;

(2) Two full-time firefighters elected by a majority of the active full-time firefighters who are members of the plan;

(3) One individual chosen by a majority of the previous four members. Such person's name shall be submitted to the city commission. Upon receipt of the fifth person's name, the city commission, as a ministerial duty, shall appoint such person to the board of trustees.

As you know, **Florida Statutes 175.061** provides virtually identical language:

175.061 Board of trustees; members; terms of office; meetings; legal entity; costs; attorney's fees.—For any municipality, special fire control district, chapter plan, local law municipality, local law special fire control district, or local law plan under this chapter:

(1) In each municipality and in each special fire control district there is hereby created a board of trustees of the firefighters' pension trust fund, which shall be solely responsible for administering the trust fund. Effective October 1, 1986, and thereafter:

(a) The membership of the board of trustees for a chapter plan consists of five members, **two of whom, unless otherwise prohibited by law, must be legal residents of the municipality or special fire control district and must be appointed by the governing body of the municipality or special fire control district**, and two of whom must be full-time firefighters as defined in s. 175.032 who are elected by a majority of the active firefighters who are members of such plan. With respect to any chapter plan or local law plan that, on January 1, 1997, allowed retired firefighters to vote in such elections, retirees may continue to vote in such elections. The fifth member shall be chosen by a majority of the previous four members as provided herein, and such person's name shall be submitted to the governing body of the municipality or special fire control district.

CITY COMMISSION AGENDA ITEM

SUBJECT: Board and Committee Update – Staff Presentations

DEPARTMENT: Administrative/City Hall/Clerk

ATTACHMENTS: ___ Ordinance ___ Resolution ___ Motion
_X_ Support Documents ___ Other

SUMMARY: A request was made at the 4/25/13 City Commission meeting to provide an update on all Boards and Committees, as well as vacancies.

Attached is a listing of all boards and committees wherein the Palatka City Commission has the authority to appoint its members. Most of these Boards are either statutory, quasi-judicial or set up by resolution. Some are boards governing separate entities, but the Legislature has given the Palatka City Commission the authority to appoint its members, as these Boards are set up under the" umbrella" of the City of Palatka. Board member qualifications are also shown on this listing. A separate list of all current Board members and their respective terms are shown on a list following.

The following members of Staff will present a power-point presentation on those boards relative to their respective departments:

Thad Crowe, Planning Director	Board of Rules & Appeals Historic Preservation Board Board of Zoning Appeals Planning Board
Police Chief Gary Getchell	Code Enforcement Board
Andy Hertz, Golf Course Mgr.	Golf Course Advisory Board
John Youell, Airport Mgr.	Airport Advisory Board
Jonathan Griffith	Citizens Advisory Task Force Tree Committee
Michael J. Czymbor, City Mgr.	Gen., Police & Fire Pension Bds.

The Commission also sits as five members of the CRA, and is up to date on those activities. Palatka Gas Authority Board governs activities of and sets policy for the Palatka Gas Authority, and Palatka Housing Authority Board governs activities of and sets policy for the Palatka Housing Authority. These are two boards that have been considered separate entities; however, the Palatka Gas Authority Board meetings are attended by the City Manager, who is an ad hoc member of that Board.

The Putnam County Library Board is not a City of Palatka Board; however, the County has given the City Commission the authority to appoint four members to that Board.

RECOMMENDED ACTION: None required – report only.
